Governance of the Institution

1. The Institution of Engineering and Technology has noted the recommendations of the Report of the Committee on the Financial Aspects of Corporate Governance (The Cadbury Report). This Code of Best Practice applies to listed Companies; however, its principles apply to all organisations with a public interest. The IET operates under its Royal Charter, the Charities Acts and the associated Accountancy Reporting Standards.
2. On behalf of the Board of Trustees, the following Boards and Committees of the IET deal with governance issues:
 - Audit Committee
 - Finance and Investment Committee
 - Remuneration Committee
 - Nominations and Succession Committee
 - Disciplinary Board and associated Investigating Committee
3. The Board of Trustees considers that the IET has adequate resources to continue in operational existence for the foreseeable future. For this reason, the going concern basis continues to be adopted in preparing the financial statements.
4. The Board of Trustees is responsible for the IET's systems of internal financial control. These can provide only reasonable, but not absolute, assurance against material misstatement or loss. The key features of the controls are:
 - communication of ethical values and a controls awareness through written codes of conduct, formal standards of discipline and employee performance appraisal;
 - a system of review and monitoring of the key areas of risk; financial systems and their controls are kept under continual review by the relevant professionally qualified staff employed by the IET;
 - regular consideration of budgets, management accounts and variations from budget;
 - quarterly meetings of the Audit Committee including discussions with the external Auditors with regard to the scope of the audits and the content of their reports to management and management's response.
5. Each Board and Committee operates under specific Terms of Reference and members uphold high standards of personal behaviour, both individually and in their collective responsibility, to ensure good corporate governance of the IET. It is expected that any conflicts of interest, if they arise, are declared.
6. Nothing in the IET's procedures precludes a member from questioning any aspect of the IET's governance, bringing forward any issue for debate, or stating his view in a personal capacity.

Terms of Reference of Boards and Committees

7. The President is ex officio a member of all Boards and Committees.
8. The Bye-laws which concern the Boards and Committees of the IET, read as follows:
 74. Except where the Charter or these Bye-laws provide to the contrary, the Board may delegate any of its powers or the implementation of any of its resolutions to any committee, and every such committee shall be accountable to the Board. All delegations under this Bye-law shall be variable or revocable by the Board at any time.

75. The resolution making that delegation shall specify those who shall serve on such committee.

76. The composition of any such committee shall be entirely at the discretion of the Board which may make and vary such regulations and impose such terms and conditions and give such mandates to the committee as it may from time to time think fit.

77. The deliberations of any such committee shall be reported regularly to the Board and any resolution passed or any decision taken by any such committee shall be reported forthwith to the Board.

78. The Board may establish and disestablish groupings of members, based on territory, knowledge or special interest. These groupings shall be constituted and their affairs carried on in accordance with Regulations to be approved from time to time by the Board who shall have power to vary the same subject always to the provisions of the Charter and Bye-laws.

9. The normal period of service for an elected or appointed member of any Board or Committee is three years. For elected members, re-election is only possible after an interval of at least one year. For nominated members, the period of service on a Board or Committee cannot be extended beyond a maximum of six years. It is customary for one third of the members of a Board or Committee to retire each year, to ensure a regular turnover.

Confidentiality of Board and Committee Papers

10. The Board of Trustees has agreed that the activities and governance of the IET should be as open as possible. It has therefore instructed that, in general, Board and Committee papers should not be classified as confidential unless strictly necessary.

11. Where confidentiality is required, either to protect individuals or because early disclosure of potential policies might cause embarrassment, two types of classification should be used on IET documents: 'Private and Confidential' and 'Confidential to Institution Committees'.

12. Papers marked 'Private and Confidential' should be regarded as private to the recipient. Such papers might deal, for example, with matters concerning individual named members or with matters of which the premature disclosure would be potentially embarrassing. 'Confidential to Institution Committees' is used on documents concerning matters under discussion about which wider disclosures could create misunderstanding, embarrassing enquiries or speculation. Papers which are not so marked may be discussed freely.

13. The decisions concerning classifications of documents are made by staff in consultation with Committee Chairmen.

14. On some Technical Committees of the IET there are non-members serving. Some are appointed directly by the Board of Trustees, while others are appointed by the Board of Trustees after nomination by kindred organisations. The obligation set out in paragraph 12 above applies also to these Committees, except that:

- (a) A Committee may send to other bodies or to individuals such confidential communications as may be necessary.
- (b) The nominees of outside organisations serving on the Wiring Regulations Technical Committee (JPEL 64) are authorised to refer to their nominating organisations, for instructions or comments, on matters decided or under consideration by the Committee. However, they shall not, without the consent of the Committee, utilise or publish in advance of the IET any information so gained.

15. Any requirement to communicate the proceedings of the Board of Trustees and Committees to the membership will normally be by publication in an IET magazine.

COUNCIL

(Revised 1 October 2012)

Purpose

1. This Regulation relates to the membership, management and business conduct of the IET Council.

Charter and Bye-laws

2. The terms of reference of Council are stated in the IET Charter and Bye-laws – predominantly Charter Article 9A and Bye-law 87 (approved at the SGM on 17 May 2007). The Council Regulation is subordinate to the Charter and Bye-laws.

Changes to Council Regulation

3. Requests to change the Council Regulation may be made by the Council as a result of a simple majority vote at a Council meeting or by a Proposition at a General Meeting.

4. Changes to the composition and methods of election and appointment may only be approved at a General Meeting; all other changes will be referred direct from the Council to the Board of Trustees for approval.

5. If the Board of Trustees rejects a request by Council to change the Council Regulation, and the Council does not accept this decision, the matter may be resolved by discussion with the Trustees before the next Council meeting. If agreement is not reached the request may be put to a General Meeting.

Approval of Council Regulation

6. The Council Regulation was proposed by the Council on 17 May 2007 and approved by the Board of Trustees on 11 June 2007. Amendments were approved by the Board of Trustees on 9 June 2008 and 1 October 2012.

Purpose of IET Council

7. The role and responsibility of Council are in Charter clause 9A and Bye-laws clause 87. Its relationship with the Board of Trustees is in Bye-laws clauses 88-89.

8. Each year, Council will review and contribute to the IET's Strategic and Corporate Plans. It will also review and note the IET's Annual Report and Accounts. Council will provide its own Annual Report to the AGM.

9. Council will monitor the governance of the IET and, in the spirit of continuous improvement, may seek clarifications from the Board of Trustees.

10. Council will provide constructive feedback on specific items, as requested through the Board of Trustees, to gauge opinion prior to involving all volunteers and members.

11. A description of the relationships between Council, the Board of Trustees, other Boards and Committees together with purpose and roles is available to all members via the IET website.

Composition

12. To achieve the broadest and most inclusive cross-section of the IET membership, the following general principles will be followed. These principles may only be changed at a General Meeting of the IET.

- Membership of Council is open to all categories of IET membership.
- Whether elected or appointed, members of the IET Council serve in a personal capacity and do not act as delegates representing constituencies.
- More than half of the members of Council will be directly elected.
- An agreed number of the elected members will be:
 - from the Membership at Large
 - from the Geographic Networks
 - from the Technical and Professional Networks
 - resident in the UK
 - not resident in the UK
 - Younger Members
- The remainder of the members of Council will be:
 - Appointed by the Main Boards
 - Past Presidents
 - Trustees
 - Co-opted for specific expertise (if required)

13. Details of the Composition of Council (sources and numbers) are in Appendix A.

14. Council will routinely assess the effectiveness and appropriateness of its Composition and, should it deem necessary, prepare a request for change to be considered at the next relevant General Meeting. Views external to the Council should be made to the Council Chairman and considered by Council.

Election to Council

15. The following method of election will apply. This method can only be changed at a General Meeting of the IET.

16. These criteria apply for all sources of elected members:

- A candidate must be a current member of the Institution and be supported by ten current members.
- The term of service is three years.
- Council members are eligible for re-election from any one source for one subsequent term provided that at least one year shall have elapsed between the expiry of the first term and the start of the second.
- Supporters cannot support more than one candidate.
- Any member will be entitled to vote for a candidate from any source.

17. There are three sources for elected Council members – the Membership at Large, Geographic Networks and Technical & Professional Networks. The Membership at Large and the Geographic Network sources are sub-divided by geography (UK and non-UK) and by age (Younger Member ie 35 and under, and 36 and over).

- **Elected from the Membership at Large** – this source of Council members is for those IET members who are not specifically active in Geographic or Technical & Professional Networks. Any IET member meeting the candidate criteria may be nominated.
- **Elected from the Geographic Networks** – this source of Council members is for those IET members who are specifically active in any Local or Regional Network organisation, eg on committees.
- **Elected from the Technical and Professional Networks** – this source of members is for those IET members who are specifically active in the Technical & Professional Networks organisations, eg on committees.

18. One third of the elected members of Council will retire each year resulting in 22 vacancies to be filled by ballots (see Appendix B for source and number details). The detailed election timetable and process will be published by the Council Secretary. Age, residency and any network activity requirements refer to 1 October in the year of election. Nominations must be delivered to the Chief Executive and Secretary in writing before the published deadline.

19. The election process will be transparent and the full voting figures and calculating sheets of ballots will be published. The ballot will be conducted by Electoral Reform Services Ltd using the Single Transferable Vote method. Members may vote by post or via the internet.

Appointment to Council

20. The following method of appointment will apply. This method can only be changed at a General Meeting of the IET.

21. There are four sources for appointed Council members – Boards, Trustees, Past Presidents and Co-opted.

- **Boards.** Members of Council appointed by the main Boards are appointed annually. They are eligible for re-appointment to a maximum of three consecutive or six non-consecutive years.
- **Trustees.** All Trustees will be ex-officio, non-voting, members of Council. Presence at Council meetings will enable them to gain first hand views of Council business.
- **Past Presidents.** The two most recent Past Presidents will be members of Council. Each will normally be a member of Council for two years.
- **Co-opted.** Council may, if the need arises and at any time, co-opt no more than two IET members with specific expertise required by Council. Co-opted members may be appointed part way through a year and may serve for a maximum of two full years.

22. Council will decide whether to fill any casual vacancies that arise and the method to be followed.

Council Chairman

23. The Chairman and Deputy Chairman of Council will be elected by simple majority vote by the members of Council from their own number. The Chairman and Deputy Chairman of Council cannot be Trustees. Each will be in post for one year. Ordinarily the Deputy Chairman will succeed the Chairman resulting in annual nomination and ballot for Deputy Chairman only. Should, for whatever eventuality, the Deputy Chairman be unable to progress to Chairman then nomination and ballot for both posts will be required. There is no limit to the number of times a Chairman or Deputy Chairman may serve, subject to the term of service and re-election rules that apply to all Council members. The nomination and ballot exercise will be performed before the end of each session of Council.

24. To enable involvement in planning Agendas and the business of Council between meetings, the Chairman and Deputy Chairman of Council will be members of the Council Co-ordination Team.

25. In order to ensure a smooth succession plan, the Deputy Chairman of Council shall be elected from those reaching the end of their first year on Council, in order that they can then progress to Chairman at the end of their second year. If, for whatever reason, the Deputy Chairman is unable to progress to Chairman, nominations shall be sought from those elected Council members reaching the end of their first or second year on Council.

Frequency of Council Meetings

26. To ensure a satisfactory interactive debate and to elicit regular guidance, Council will meet for a full day three times a year. Furthermore, there shall be at least one teleconference meeting involving all members of Council between the physical meetings to act as a progress update and maintain the flow of effort. Further Working Party teleconferences or meetings shall be held as appropriate to the tasks and milestones of the Working Parties to ensure continuity of engagement.

Timing of Council Meetings

27. So that its advice can be promptly reported to the Board of Trustees, Council will normally meet two weeks before a meeting of the Board of Trustees.

Quorum

28. The Quorum is one fifth of the Council membership.

Agenda

29. The Council agenda will be managed by a Council Co-ordination Team working as appropriate with the Board of Trustees (seeking specific advice), the IET staff (providing discussion papers), Geographic and Technical & Professional Networks (for strategic issues and membership feedback) and the main Boards and Committees.

Preparation

30. Agenda and papers for Council meetings will be made available no less than 14 days before a meeting. Council members will be encouraged to review material so that meetings can focus on highlights, debate and decision making.

Meeting Process

31. Material will be issued in advance and briefly presented. Meetings will be managed to give full debate resulting in positive conclusions – simple agreement, vote or referral. More complex matters, and those requiring more detailed consideration, will be referred to Working Parties for report back at a relevant Council meeting. The conduct of IET Council meetings will follow the protocol in the Regulation – Conduct of Formal Meetings [*not yet written*]. Any operational issues raised at Council will be directed to the relevant staff member or Board.

Meeting Attendance

32. To maximise familiarity with and contribution to Council business it is expected that members will regularly attend Council meetings and also contribute to debate between meetings. Any member who has not attended three consecutive meetings will be considered to have resigned from Council.

Voting at Council Meetings

33. Council members (with the exception of members from the Board of Trustees – who are non-voting members) will be asked to vote on those items where measurement of support or preference is seen as necessary. However, a broad range of comments on strategic issues should be offered to the Board of Trustees as some matters may not be reducible to a simple proposition for a vote.

Output from Council Meetings
