Photography and Filming at IET Events - Volunteers

Policy
Photography and Filming at IET Events Policy

1. Why we have this Policy

1.1. Under UK General Data Protection Regulation (UK GDPR) photographs where individuals can be identified are considered ‘personal data’ and must be treated as such.

1.2. In order to show that the IET has made a reasonable effort to adhere to the UK GDPR rules around photography and filming we need to provide a policy that gives clear guidelines on how to avoid breaching this legislation.

2. Who this Policy relates to

2.1. This policy is for IET volunteers hosting or attending events, intending to take photographs and/or filming of attendees which may be publicised for IET purposes.

3. Other Policies, Procedures and/or Guidelines you need to read in relation to this Policy

3.1. Data Protection Policy (for volunteers)
3.2. Safeguarding Children and Adults at Risk Policy (for volunteers)

4. Overview of this Policy

4.1. This policy will inform you of the rules and guidelines that need to be adhered to ensure that any individual taking photographs and filming to be publicised for purposes relating to the IET will not breach the UK GDPR.

5. The Policy itself

5.1. There are two separate guidelines for taking photographs at events, as the requirements differ depending on how the images are intended to be used:

5.2. Photographs for publications highlighting specific individuals — Written consent is required for any photographs where an individual can be identified, if the image will be used to accompany a publication profiling that individual — such as an interview. It’s a good idea to print out some consent forms (sample attached at Appendix B – Word version available on the Volunteer Hub) and take them with you. As with any personal data, please make sure you do not store any photographs where individuals can be identified once they have fulfilled their purpose.

5.3. Photographs that aren’t focused on specific individuals, such as group or crowd shots — You will need to display a sign (sample attached at Appendix C – Word version available on the Volunteer Hub) to say you are undertaking photography. Signs should be displayed clearly and at the entrance to the room the event is being held in. Make it clear in a way that no one can argue they have missed it — it may be a good idea to photograph the sign as proof just in case. When you have the sign(s) in place individual permissions will no longer be required. You may also add a message to the event registration form that the event will be photographed and/or filmed.
5.4. If an attendee does not want to be filmed and/or included in any photographs, then they can be provided with a brightly coloured sticker to put on their name badge, so they can be recognised as such. You may also wish to create a ‘no photography/filming zone’ for such attendees.

5.5. Where you are hosting or attending events with individuals under the age of 18 years, such as schools’ events, please ensure that you comply with the guidance set out in the Safeguarding Children and Adults at Risk policy. It is important to note that parental consent is required for photography of those under the age of 16.

5.6. If you need to keep images and footage for future use, please ensure that they are stored securely and in line with data retention guidelines. No images may be stored for longer than two years and must be securely deleted.

5.7. If you wish to use an image or footage for purposes other than initially agreed to, then you must request separate written consent for this.

5.8. All records of consent and images taken are to be passed to your IET staff contact at the earliest opportunity.

6. **What happens if you do not follow this Policy**

6.1. If you do not follow this policy those individuals may be adversely affected by the use of the images and may complain, which may lead to investigation and financial penalty by the Information Commissioners Office (ICO) or applicable Data Protection Authority.

6.2. Breach of this Policy may also be damaging to the IET’s reputation.

6.3. Not adhering to this policy may lead to Member disciplinary proceedings.

7. **Queries and Comments**

7.1. If you have any queries regarding how this Policy works in practice, or comments or suggestions as to how it could be improved, please contact the Volunteer Support Unit via volunteer@theiet.org.
