

Additional money for trading in your old diesel car!

Lower Emissions Allowance Schemes

If you currently own a diesel car with EU4 standards or older, we have some good news for you! In the interest of keeping our roads clean, Audi, BMW and MINI have each introduced Lower Emissions Allowance schemes. What does this mean? Well, if you have an old diesel car and want to upgrade it to a newer, cleaner car, you could receive an additional monetary contribution for doing so!

To find out more information on the different schemes, click for [Audi](#), [BMW](#) or [MINI](#)

To check the eligibility of your vehicle click [here](#).

Refer a Friend or Family Member

Receive £50 worth of vouchers if you refer someone through the Affinity Programme and they purchase a car!
