

Your definitive engineering and physics research database

Whether you're looking for inspiration for your next research project or compiling a comprehensive literature review, your journey starts with Inspec.

Containing over 19.5 million records of scientific research literature, with Inspec you can:

- Pinpoint relevant literature easily with precise, subject-specific indexing.
- Discover the latest research from global publications selected for quality and relevance.
- Save time with DOI links to full-text articles – over 10% open access content.

Ask your librarian about access to Inspec through your library's digital resources. Find out more: theiet.org/inspec

Two solid purple rectangular bars, one above the other.

Improve your research outcomes with unique insights

Start your search with Inspec Analytics to:

- Stay up-to-date with the latest global trends in engineering and physics research.
- Discover new topics related to your field and the resources you need to get up to speed.
- Identify the best journals and conferences to publish your research.

Ask your librarian about access to Inspec Analytics through your library's digital resources.
