

Your definitive engineering and physics research database

Whether you're looking for inspiration for your next research project or compiling a comprehensive literature review, your journey starts with Inspec.

Containing over 19.5 million records of scientific research literature, with Inspec you can:

- Pinpoint relevant literature easily with precise, subject-specific indexing.
- Discover the latest research from global publications selected for quality and relevance.
- Save time with DOI links to full-text articles – over 10% open access content.

Ask your librarian about access to Inspec through your library's digital resources. Find out more: theiet.org/inspec

Two horizontal purple rectangular bars, one above the other, positioned to the left of the main text.

Improve your research outcomes with unique insights

Start your search with Inspec Analytics to:

- Stay up-to-date with the latest global trends in engineering and physics research.
- Discover new topics related to your field and the resources you need to get up to speed.
- Identify the best journals and conferences to publish your research.

Ask your librarian about access to Inspec Analytics through your library's digital resources.
