UKNEST is offering 12 scholarships to STEM students. Successful applicants will receive:

› Mentoring from a UKNEST member organisation
› UKNEST graduate buddy to support your professional development
› Potential work-placements with a UKNEST member organisation
› £1,500 funding to support your studies

How do I apply?
Visit the UKNEST website to find out about scholarships, hear from previous scholars and to apply. Applicants are also required to submit a short essay (500 word) in response to this year’s UKNEST question. Applications close Monday 13 September 2021.

Who is UKNEST?
UKNEST is a forum that promotes the Engineering, Science and Technology interests of the UK Naval Enterprise. The forum is focused on topics that are important across the Ministry of Defence and UK Industry.
