

Directory of IET products and services to support CPD

Awards

The IET rewards engineering aspirations, enterprise and excellence with a range of annual awards. These recognise the exceptional achievements of individuals working in the engineering and technology profession, from the well-known scientist to the fledgling engineer.

www.theiet.org/awards

Books

Members are entitled to a 35 per cent discount on books published by the IET (Note: discount applied to one copy per title. This includes IET Wiring Regulations (BS 7671) which is the national standard in the UK and many other countries for the safety of electrical installations for buildings.

www.theiet.org/books

Digital Library

Members can access the abstracts of more than 90,000 technical papers from all journals, magazines, conference publications and seminar digests through the IET Digital Library, free of charge. Members can also access the full text of articles (in PDF format) by purchasing an additional subscription and individual papers may be purchased by pay-per-view. Highly cited journals such as Electronic Letters are available alongside the entire IET research journal suite.

www.ietdl.org

Engineering Communities

Engineering Communities is the IET's online social collaboration platform which enables individuals to connect, share knowledge, ideas and opportunities with a specific network of individuals. It enables IET volunteers, members and non-members the opportunity to engage with like-minded people and collaborate on projects and activities for the benefit of the global science, engineering and technology community.

<https://communities.theiet.org/home>

Engineering and Technology Jobs

Our specialised jobs search engine enables you to look for jobs which match your requirements. By uploading your CV, you can get yourself noticed by the industry's top employers and recruitment agencies.

www.theiet.org/jobs

Events

Members enjoy discounted rates of up to 20 per cent for bookings at over 1,500 leading conferences, seminars and lectures each year. Held all over the world, these events cover all aspects of engineering and technology.

www.theiet.org/events

Factfiles

Providing unbiased information for members, teachers, students and the general public.

<http://www.theiet.org/factfiles/>

IET Approved Apprenticeships

IET Approved Apprenticeship schemes have been assessed to provide a really valuable range of UK-SPEC and ICTTech standard experience

<http://www.theiet.org/business/accreditation/apprenticeships/>

IET.tv

Watch live or archived events, research seminars or presentations featuring industry experts via the Internet. You can even ask questions during live streaming.

www.theiet.org/tv

Inspec

Inspec is one of the world's largest and most wide ranging bibliographic databases for scientific and technical research containing over 11 million scientific and technical papers. Members of the IET can access this online research tool at highly discounted fees.

www.theiet.org/inspec

Journals

You will find the latest research and information of the highest quality in your field when you subscribe to an IET journal, saving up to 20 per cent on individual titles. This suite of 20 research journals and two letters journals spans the entire spectrum of engineering and technology.

www.theiet.org/journals

Library and Archives

The Knowledge Centre forms part of the Faraday Centre - a comfortable, welcoming space designed for members' use.

Members can access a wealth of searchable information - in print and online - from our outstanding specialist engineering-related collections.

The IET Archives has moved to their new location at Savoy Hill House. A purpose-built repository housing core collections and the rare books libraries is now open to researchers.

Lifeskills workshops

Our Local Networks (LNs) run invaluable lifeskills workshops, which are free to attend and usually held in the evenings. Subjects include project management, presentation skills, negotiation and many others.

www.theiet.org/lifeskills

Local Networks (LNs)

The IET has nearly 100 Local Networks around the world, ensuring that there is a community of IET members near you. Meetings and events in your area (many of which are free) enable you to network with fellow professionals, enjoy industry leading speakers and share and develop knowledge.

www.theiet.org/local

Magazines

The IET publishes a range of member magazines that are produced to the highest editorial standards by a team of specialist editors who are leading experts in their fields. They include Engineering and Technology (E&T), E&T Education, Wiring Matters and Member News.

Engineering and Technology (E&T) magazine

Engineering and Technology magazine is one of the IET's most valued membership benefits, keeping engineers at the leading edge of their discipline. Its multiple award winning content is available in print, online and on the iPad, allowing members to read E&T in their preferred format. The E&T iPad edition is free to IET members.

www.EandTmagazine.com

Member News

Member only magazine, which brings together news, articles and information from the IET global community.

Mentoring

Volunteer mentors who support the development of engineers working toward professional registration with the Engineering Council are vital in helping the IET achieve its mission to engineer a better world. As a professionally registered member with the IET, you can volunteer to help developing engineers in your local area or from your technical background.

www.theiet.org/mentor

Online learning (webinars and e-classes)

Our webinars and e-classes run for approximately one hour, they include subjects such as starting out in coaching, dealing with conflict, communicating for success, and can be accessed globally.

www.theiet.org/pd-online

Policy-making

Members can contribute to submissions to Government or join one of our seven expert panels covering communications, education and skills, energy, IT, innovation and emerging technologies, manufacturing and transport.

www.theiet.org/policy

Professional ethics advice and support

The trust you derive from being seen as a professional engineer is one of the many advantages of being a member of the IET, but it also means you have certain ethical responsibilities. The IET can help you to understand the demands of professional ethical standards in your own life with dedicated guidance, case studies and resources.

www.theiet.org/ethics

Professional registration

Enhance your career prospects by demonstration your commitment and professionalism with these peer-assessed and internationally recognised professional engineering qualifications. The IET is licensed by the Engineering Council to assess applicants and award the titles Chartered Engineer (CEng), Incorporated Engineer (IEng), Engineering Technician EngTech) and ICT Technician (ICTTech).

<http://www.theiet.org/membership/profreg/index.cfm>

Scholarships

The IET rewards engineering aspirations, enterprise and excellence with a range of annual scholarships that could help you finance your studies or postgraduate research.

www.theiet.org/scholarships

Standards

IET Standards Limited intends to publish a range of standards, codes of practice and guidance materials for professional engineers, using its expertise to achieve consensus on best practice in emerging and established technology fields.

<http://www.theiet.org/resources/standards/>

Technical Professional Networks (TPNs)

The IET host over 30 TPNs which enables engineering and technology professionals, academics and students to come together to discuss research and innovation in their sectors. You can participate in a number of ways – using the online discussion forums, attending a TPN organised event or by joining a TPN committee.

www.theiet.org/communities

Training courses

The IET offers open courses or in-company training IET including professional skills, project management, professional registration and systems engineering – delivered in conjunction with only the best providers.

www.theiet.org/pd-courses

Volunteering

IET members can get involved with a broad range of volunteering opportunities from being a mentor or qualification assessor, to organising meeting and events or helping author new publications. Volunteering will give you great personal satisfaction whilst being an enjoyable and rewarding experience which enhances both your professional and personal development.

www.theiet.org/volunteers

Wiring Regulations

The IET plays a key role in electrical installation standards and safety, and is known for its independent and trusted voice. It manages the national committee JPEL/64 and publishes the IET Wiring Regulations BS 7671:2008(2011).

www.theiet.org/electrical

Women's Network

The IET Women's Network aims to provide you with a means of support to help you throughout your career and help you achieve your aspirations.

www.theiet.org/womens-network/
